

PORSCHE

Further Together.

THE CAYENNE.

THE CAYENNE.

Ready to go further together.

A true sports car for five that embodies the sports car characteristics of a Porsche combined with the practicality of an SUV. The Cayenne has room for five, and countless journeys waiting to be explored. Because together we can go places we cannot reach alone.

DESIGN

A new look.
Still unmistakably Porsche.

The Cayenne now features a revamped design with an impressive presence. Paired with the design DNA typical of a Porsche, the Cayenne looks more sporty and expressive than ever before.

The rear gives a new modern look with the new tail light. Made of deep, three-dimensional glass, the light strip now stretches over the entire rear in a seamless continuous arch, giving it a sportier aesthetic.

True to the Porsche design DNA that focuses on the driver's axis, the Cayenne now features the new Porsche Driver Experience - a fundamentally redesigned display and operating concept for easier, faster handling.
